

AUTOMATIC RENEWALS

Now available for most items!

We now offer courtesy Automatic Renewal service to all library patrons!

Eligible items will be automatically renewed on the day (5 AM) that they are due. Their due date will be extended for another loan period.

How will you know if this was done? You can check your account online, or if you are currently signed up for email notifications, we'll email you a summary of what we were able to renew and what could not be renewed.

Please note that **not all items are eligible for this service.**

We can't auto-renew:

- Items that have been requested by other patrons.
- Items that have already reached their renewal limit.

Your library card must also be current, and in good standing.

(New! Pay your library fines by credit card from home!)

Not sure how to access your account online? Do you need to renew your card or sign up for email notifications? **Just ask us!** Find your local library's contact information at www.palsplus.org/members.html
