

Wanaque Public Library Meeting Space Policy

Adopted by Wanaque Public Library Board of Trustees 9/27/2022

Wanaque Public Library is a small building and unfortunately does not have a meeting room or private study room. The only private meeting space is the small conference room where our local history archive collection is also housed. Library staff/programs have priority for use of this room. Individuals or groups wishing to meet there must discuss with the Library Director, who will determine if their request can be accommodated.
